Acting-Governor Mott-Smith, Attorney General Hemenway, President of the Board of Health Cofer, U. S. P. H. and M. H. S. Dr. Brinkerhoff, Dr. Smith, U. S. N. Quartermaster Captain Humphrey and James F. Morgan were prominent among the party.

The passengers and crew of the transport Crook, lying alongside the Irroquois' berth, observed her departure with a great deal of interest. "There will be a big difference here in July," remarked a military man, "when the Navy ships have number an armada instead of a tug."

MARINE

Drawing admiration from all who saw her, for she is just such a vessel as one would like to travel round the world in, the Chargeurs Reunis S. S. Ceylan, Captain Jouan, docked at 11 o'clock Wednesday morning at channel wharf from Yokohama, having sailed from the Japanese port on April 17. She brought nearly 2000 tons of general freight for Honolulu, and a couple of passengers, Serapion Von Hook and Namiki. There were fourteen through passengers for various ports. The Ceylan sails at noon to-morrow, or expects to, for San Francisco and Vancouver, and then down the Pacific, through the Strait of Magellan, and up the Atlantic, calling at numerous South American ports on either side, and so to West Africa and then to Europe, through the Red Sea to India and Australia and to China and Japan.

The Ceylan, now making her first call here, on her first round-the-world trip, started on her long voyage from Woonong on March 28. For those who have a taste for wandering upon the face of the earth, the Ceylan presents an opportunity which would be hard to better. She is a fine, solidly-constructed vessel, built by Swan, Hunter and Wigham Richardson of Wallsend-on-Tyne, and is designed to withstand the heaviest weather. She can carry 10,000 tons of cargo, and her twin screws take her along at from 12 to 14 knots or better. She has accommodation for sixty-first-class passengers and one thousand third or steerage.

There is no undue gilding, but the decorations of oak paneling gain thereby. Nothing has been omitted for the passenger's comfort. On the lower deck are two-berth cabins and small apartments of four beds in two compartments intended for family use. On the deck above are the dining saloon and social hall and a number of single cabins, while a deck higher are the smoking-room and bar, two special cabins with private dressing rooms, and fine promenade decks specially constructed so that whichever way the wind blows it is possible to find shelter. The cabins are roomy and well appointed with luxurious spring beds, wardrobes, writing tables, chairs and sofas, and each cabin has an electric fan.

Aft is a hospital and a laundry. In the hospital are separate wards for men and women, an isolation room, disinfection room and operating room.

One of the through passengers, Mr. O'Kelly, of the Imperial Chinese Maritime Customs, going home on a furlough, is bound for France.

TAX COLLECTIONS BEGIN TO PICK UP

Tax collections are picking up. Taxes become delinquent after May 15, which is only a trifle more than two weeks off. The tax collector's windows, which have scarcely seen a taxpayer for nearly six months, are now beginning to live up. There were a good many taxpayers in yesterday morning, making inquiries and paying their taxes, and from now on the clerks at the windows are expected to be kept very busy.

The taxes due at this time are fifty per cent. of all income and property taxes. Those who pay on or before May 15 will not be troubled with the ten per cent. penalty which George Davis is going to have abolished when he gets into the Senate.

This is the first collection period since the appointment of the present tax assessor, C. T. Wilder.

HOME SEEKERS ARE LOOKING TO HAWAII

In his regular weekly letter to the Promotion Committee, Secretary Wood says:

"As a direct result of the interesting writings of Hawaii, from the pen of Miss Carrie Thomas, appearing recently in prominent Southern journals, we are getting numerous inquiries from people who have lived in Florida and who are anxious to know more of Hawaii."

"One gentleman in his letter says, 'I have been in fruit raising most of my life, have retired from active work and am desirous of spending my life in a milder climate. I tried Florida several years but found the winter's disagreeable and the land extremely poor. What I want is a small place in the country where I can build and make a good comfortable home.'"

"In this connection it might be said that from our correspondence it is very evident that more and more people are looking to Hawaii as a place for homes, not simply as a tourist resort, a sentiment that we are doing our utmost to encourage."

MAUI LIVERY STABLE BUSINESS IS SOLD

Arcentio and Joe Do Rego, the proprietors of the Pioneer Stables at Lahaina, and of the Iao Stables at Wailuku, have sold their entire interest in these concerns to a new corporation known as the Iao Stables Company, Ltd. The price paid, according to a bill of sale filed for record yesterday with Registrar Merriam, is \$6000. The property is sold subject to a mortgage for \$5000 in favor of Antonio Garcia.

WITHDRAW A CAR.

The Wailuku Agricultural Company has been allowed to withdraw the dump car which was put in evidence in the suit of Carolina Vierra against the company. The attorneys for the defendant gave their receipt for the car, and the receipt was filed with the other papers in the case.

The pleadings allege that the car was drawn by horses or mules, but it has been withdrawn by Cathcart and Milverton.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatic and is the direct result of taking cold.

One medical authority has described the pain of neuralgia as "the cry of the nerves for better blood." This is true because the nerves receive their nourishment through the blood. Build up the blood, the impoverished nerves are fed and the neuralgic pains disappear.

Mr. W. Q. Wilcox, a well-known jeweler, of No. 535 Main street, Coshocton, Ohio, suffered nearly two years with sciatica. "I endured intense pain," he says, "and was under the care of four doctors without benefit. Dr. Williams' Pink Pills just hit my case and two weeks after I began taking them I was a good deal better. I took them a while longer and was permanently cured."

When the grounds at Fort Shafter were laid out it was with a view to some time building these new quarters, but it was not thought then that the time would come before the grass had grown into sod on the parade ground.

Yesterday a force of twenty men from Honolulu were put at work around the post, cutting brush and general clearing up the grounds.
